*See attached list of instruments offered and instructors.

Register Online: Go to our website at www.recreation.watertown-ma.gov
and select “**Online Registration**”

Description: Students work with instructors who are also professional musicians in the Greater Boston area, perform regularly on their instruments, and have many years of experience teaching children of all ages. This is a tuition-based program and is highly recommended for students participating in school instrumental ensembles. Private lessons allow the instructor to focus on the individual needs of each student enabling the student to progress faster and perform in their school ensembles with a high degree of ability, confidence, and enjoyment. One-on-one instruction can help motivate students who are having some difficulties progressing on their instrument and provide challenge to more advanced student musicians.

Students who currently play an instrument during the school day are strongly encouraged to enroll in private instrumental music lessons either through this program or elsewhere. Parents, working with the instructor, determine the length of lessons that best suits the musical needs of the child. Parents must contact the teacher in advance of registration to determine an appropriate lesson length and schedule.
